

## ➤ PROFILE SUMMARY

Independent manager with 10 years of professional ICT experience, both as a consultant and in managerial roles, working for renowned multinationals throughout all vertical markets. My unique selling points are

- its stable balance between globally recognized certifications in the leading management best practices and my varied hands-on experiences with TOP 500 companies
- my value-based and human-centered leadership style in combination with an entrepreneurial focus on business development
- my pragmatic, goal-oriented and result-driven approach using creative, innovative and strong analytical skills
- my optimistic and motivating personality
- multilingualism and excellent communicative skills
